

Hypoxia welcomes and supports student and trainees as delegates. Discounted registration, room blocks at discounted rates, and ample recognition as scientists-in-training all contribute to making Hypoxia a great meeting for students from all biomedical fields who are interested in hypoxia.

A student /trainee who submits an abstract is automatically entered in a competition for Hypoxia awards. A panel of judges will review the abstracts and visit posters/presentations during the meeting. The awards will be announced at the evening banquet on Saturday evening.

### **Student/Fellowship Discount**

To qualify for the student or fellow discount you must fax/email a letter on Department or School stationary with the signature of the appropriate Dean, Department Chair or other senior administrative faculty stating that you are a student or fellow in the program in good standing.

The letter should be faxed to +1-720-293-7722 or emailed to [hx2019@hypoxia.net](mailto:hx2019@hypoxia.net), Attention: Hypoxia Students

No discounts will be approved without this letter. Online registrations will be cross-referenced to received letters. Deadline for receipt of letters is 4 January 2019 for early registration, or when you register for late registration.
